2018 Relationship Statement Reporting FAQs

1. Where is the 2018 report located?
   a. On May 1, you’ll find the report on your Ideal Logic Dashboard, under ‘Org Reports’
      i. Ideal Logic login: https://apps.ideal-logic.com/osusli

2. When is the report due? Can I start working on it now?
   a. Monday, January 28, 2019
   b. Yes – you can save as you go and the form will remain active so you can come back to it where you left off.

3. Who is to complete the report?
   a. Generally the Chapter President for the term it is completed (2017) and their executive team

4. Where can you get help with the report?
   a. From your CFSL Chapter Coach! They are happy to meet with you individually to go over your form.
   b. If you have a question about any of your workshops, programs, events, or activities ‘counting’ for credit – email cfsl@oreognstate.edu and you’ll get a response in 48 hours.

5. Why is the report important?
   a. Because it allows your chapter to receive recognition in the areas where you excel.
   b. It helps your chapter understand minimum expectations, best practices and community benchmarks.

6. Is the Report required to complete?
   a. Yes – it’s required in order to remain a recognized fraternity/sorority at OSU. This is also a great record of what your chapter accomplished in the past year.

7. What happens if my chapter hasn’t completed some of the criteria by the end of the calendar year?
   a. The goal is that your chapter completes 100% of the criteria. At the close of the evaluation period, each chapter (and their advisor and inter/national organization) will receive a status letter with the results of their submitted Report. If criteria wasn’t completed, there may be the opportunity to remedy the incomplete items in the coming calendar year and this will be outlined in the letter. Some criteria not being completed could result in the loss of privileges afforded to student organizations (lack of access to on-campus and resources reservations, not able to participate in community/council programs, etc.).

8. Why is this a calendar year report versus an academic year report?
   a. Most of the chapters at OSU elect their officers based on a calendar year so it aligns with most of the chapter officer terms. This reporting timeframe also aligns with most inter/national organizations accreditation and awards programs.
   b. The calendar year timeframe allows the criteria you submit to be evaluated and scored in winter term, and your chapter will be eligible to be considered for Greek Awards in spring term.
