      i. If you have a question about any of your workshops, programs, events, or activities ‘counting’ for credit – email cfsl@oregonstate.edu and you’ll get a response in 48 hours.
   b. Appropriate behavior when attending programs or program will not count.
      i. If you host a diversity and inclusion program and/or an academic workshop try to reserve a space on-campus, whenever possible.

7. Why is the report important?
   a. Because it allows your chapter to receive recognition in the areas where you excel.
   b. It helps your chapter understand minimum expectations, best practices and community bench marks.
   c. It is how your chapter maintains recognition from the Center for Fraternity & Sorority Life.

8. Is the Report required to complete?
   a. Yes – it’s required in order to remain a recognized fraternity/sorority at OSU. This is also a great record of what your chapter accomplished in the past year. This report is also shared with your inter/national organization.

9. What happens if my chapter hasn’t completed some of the criteria by the end of the calendar year?
   a. The goal is that your chapter completes 100% of the criteria. At the close of the evaluation period, each chapter (and their advisor and inter/national organization) will receive a status letter with the results of their submitted Report. If criteria weren’t completed, there may be the opportunity to remedy the incomplete items in the coming calendar year and this will be outlined in the letter. Some criteria not being completed could result in the loss of
privileges afforded to student organizations (not in good standing with the CFSL, lack of access to on-campus and resources reservations, not able to participate in community/council programs, etc.).

10. Why is this a calendar year report versus an academic year report?
   a. Most of the chapters at OSU elect their officers based on a calendar year so it aligns with most of the chapter officer terms. This reporting timeframe also aligns with most inter/national organizations accreditation and awards programs.
   b. The calendar year timeframe allows the criteria you submit to be evaluated and scored in winter term, and your chapter will be eligible to be considered for Greek Awards in spring term.
