

OSU AFFILIATED FIRST-YEAR HOUSING PROGRAM APPLICATION 2022-2025

Submit to: Affiliated Housing Program Review Committee (via online form)

On behalf of my organization, we have read the OSU Affiliated First-Year Housing Program Policy and the Affiliated Housing Program – Organization Accessibility Planning documents, and I am authorized to represent my organization in formal application to be a participant in the program. I also certify that my organization is eligible for inclusion in the program.

My organization understands the intent of the First-Year Experience and the opportunities the OSU Affiliated First-Year Housing Program represents for our organization to collaborate with Oregon State University and enhance the first-year experience of the students we will house.

If accepted to the Program, I acknowledge my organization's acceptance of the requirements, standards, and expectations of the program. On behalf of my organization, I declare that we will partner and work with Oregon State University to fulfill the requirements, standards, and expectations of the OSU Affiliated First-Year Housing Program. Therefore, I present my organization's formal application to the Oregon State University Affiliated First Year Housing Program and look forward to a mutually beneficial relationship that will further the educational mission of the university and my organization. Program participation is a privilege, not a right, and OSU reserves the ability to terminate an application or revoke participation in the program at any time.

Note: To be eligible to apply for the Program, the organization must meet the criteria outlined in the OSU Affiliated First-Year Housing Program Policy. Please carefully review those criteria before submitting an application. Program criteria include that the organization is a non-profit cooperative living group providing room and board to OSU students in a Code R Residential facility within Corvallis city limits. Organizations must also meet the Corvallis livability code for Fraternity, Sorority and Co-operative housing. Structures such as apartments or townhouses do not qualify as a "house" for this Program.
