The Oregon State University Fraternity/Sorority Community Greek Alumni Hall of Fame has returned after a two-year hiatus due to the impacts of the COVID-19 pandemic. This award recognizes outstanding alumni/ae for their contributions to their respective chapters, as well as the Oregon State University Fraternity and Sorority Community. Nominations for the Greek Hall of Fame are gathered each spring in preparation for the Greek Awards Ceremony.

The Center for Fraternity & Sorority Life is delighted to announce Gayle Fitzpatrick '78 (Alpha Omicron Pi) as the 2022 Greek Alumni Hall of Fame inductee. Fitzpatrick will be recognized with this honor at the Greek Award Ceremony on Wednesday, May 18 at 6:00 PM at the Toyota Club at Reser Stadium.

Gayle's resume is impressive and her contributions to Alpha Omicron Pi (AOII), Oregon State University (OSU), and the Fraternity/Sorority Community are notable. As an undergraduate, Gayle served as President of the Alpha Rho Chapter of Alpha Omicron Pi, and as an alumnus, Gayle recently served two, two-year terms as AOII's international president, and is currently serving on the AOII Properties Board.

A member of OSU's Fraternity & Sorority Alumni/Friends Group (FSFG), Fitzpatrick recently made a gift establishing an endowed fund to provide leadership training for students in the Greek community – especially younger students in their second and third year. The OSU Fraternity/Sorority Community is able to host an institute for emerging leaders because of this generous gift. Gayle has continued to inspire other alumni and friends of OSU to support leadership programs for Greek students, and recently provided a generous match on OSU's Dam Proud Day helping OSU Greeks raise over \$20,000 for the endowment.

A graduate in finance, Fitzpatrick has been a leader in the technology industry for over four decades. Following many years with Oracle Corporation, she is group vice president of global technical support at New Relic, a software analytics company. Now living in Lake Oswego, Fitzpatrick remains closely connected to her Alpha Rho sisters, and to many other AOII members, she met along the way.

The OSU Fraternity/Sorority Community is excited to honor Gayle and celebrate her contributions and achievements on May 18 at the Greek Awards Ceremony! For more information about this event and this award, contact the CFSL at cfsl@oregonstate.edu.
